It was a pleasure meeting you and your Pacific Island group in Saipan as well. I had a meeting with the incinerator manufacturer earlier this week at our SF Bay Area Concord office, with our EPA and DOJ cohorts in attendance, to push forward on getting the new incinerators purchased for the local utility in Saipan. The manufacturer has multiple units installed at power plants in the Caribbean, but this will be their first installation in the Pacific Islands. We should have a nice pair of incinerators installed and operational by the end of 2019 that you could check out on one of your future Saipan trips.

Again, it was a pleasure meeting you and I really enjoyed the conversation.

Jeff
